§ 101.13 Entry and departure of vessels.

(a) An arriving vessel shall be entered at either the Pacific or Atlantic entrance. A vessel is entered by the Canal Commission authorities upon the report of the boarding officer and it is not necessary for the Master to come ashore for that purpose. At the discretion of the Marine Director, a vessel may be denied entry for failure to comply with Panama Canal regulations. In certain cases vessels may be provisionally entered. When provisional entry is granted, vessels may remain in Canal waters only under the conditions set forth in the provisional entry. Permission to enter port waters will be given by the Republic of Panama.

(b) Any vessel that has entered or has provisionally entered the Canal shall, prior to its departure therefrom, obtain permission from the Marine Director or designee. Permission to depart shall be issued only after that official has been satisfied that:

(1) All documents and statistical data required for entry or provisional entry by the Canal authorities respecting the vessel and its cargo have been furnished; and

(2) Tolls and other charges for services or supplies furnished by the Panama Canal Commission have been paid or the payment secured.
